Narration of Accomplishment:

No	Nature of Activities	Brief narration/accomplishment
1.	Education class	In this month total 118 numbers of children from khal bari and total 42 numbers of children from kpt attending my classes. I have been conducted total 15 classes at khal bari centre and 4 classes at kpt centre. I taught them (, English (vowel, noun,) and also gk, t, and also teach them their text books , give them work sheet to find out their flaws and their growth in their studies.
2	Menstruation hygiene day	28th may we celebrate menstruation hygiene day. We celebrate it with both adolescents and mothers . Starting with a fun activity to break the ice and make the participants feel comfortable discussing a sensitive issue like menstruation. After that showing them video where we aware them that it is a normal process and cleared their concept about menstruation cycle, and how they maintain hygiene.
3.	Audio visual class -	With the help of geneo app a audio visual class conducted, it's a english text (midnight express) . Because of audio visual, the concept of the topic was easily cleared for the children.
4.	Computer class -	Help them to learn about the computer, how to open it and shut down and also teach them how to draw a picture on it.
5.	Environmental Day celebration -	On 5th june the day begins with poster making, where children making poster based on saved the environment. Children participated in a rally to raise awareness about the environmental issues on World environment day. By showing them video where mothers also participate, we discussed about how to protect our nature by a small step.
6.	Child labour day celebration and Vesuvius visit	On 12th June we celebrate the world day against child labour with donor, where we discussed about the child rights, making poster on child labour. In this program children shared their daily routine and household chores. we discussed about the child rights also , and aware them that, according to their age , they should be in school, not in the workforce, on that day our donor agency vesuvias visited to our centre , they spent a quality time with us & children, took photos, videos,

		interact with children.
7.	Adult literacy -	This month I contacted one class for mothers, where I cleared their concept about alphabet and vowel. After that, they are trying to sign their name.
8.	Data collection -	This month total 184 data has been collected and submitted for 2nd quarter data entry.
9.	Home visit -	I visited many households for informing them about our regular classes.
10.	Adolescent's meeting -	on 20th June an adolescents meeting conducted by us, and the purpose of the meeting is abuse. All over the discussion, they shared their bad experience. We suggest them in future, how can they have protested against it,
	Mother's meeting -	we conducted a mother's meeting where we discussed about abuse and also discussed about how important adult literacy.

Challenges faced if any- Due to heavy heat waves children are not comfortable in classes also the attendance is low for this reason, children from brace bridge are not able to attend the classes in a large number due to heat waves.
